Dear Mr. Rasmussen:

Re: Hanford Facility Resource Conservation and Recovery Act Permit Condition
V.14.B.b.

Thank you for transmitting the raw data package from the sampling at the 303-K Storage Facility on October 29 and 30, 1997, in support of the closure activities for this treatment, storage, and/or disposal unit.

The subject permit condition also requires submission of: (1) a summary of analytical results, (2) a data validation package, and (3) a narrative summary of conclusions. Please advise Jeanne J. Wallace, 300 Area Project Manager, of the schedule for providing these items. She may be contacted at (509) 736-3019.

Sincerely,

A handwritten signature in cursive script, reading "Laura Cusack".
